Telephone bidders agree to pay the 25% Buyer's Premium (+4% for credit card payments) incurred as a result of purchasing via telephone bid. The buyer is responsible for arranging the packing and shipping of all purchased lots. Bremo Auctions is not liable for any damage caused by shipper. All purchases made by bidders within the Commonwealth of Virginia are subject to Virginia sales tax unless a properly executed and signed state tax exemption form has been received PRIOR TO THE SALE. All purchases will be held by Bremo Auctions until checks have cleared.

Telephone bids will not be accepted for items whose value is estimated at less than \$400 (start bid of \$200). Telephone bidders agree that the minimum opening bid for each phone bid item is **50% of the lower estimate** or \$200 (whichever is higher). If no other bidder opens bidding, the telephone bidder agrees to open the lot at said pricing. If there are multiple phone bidders on the same lot, the first to register for that lot will open the bidding. In the event Bremo Auctions is unable to reach the phone bidder at the time of sale, Bremo Auctions will execute the minimum opening bid on behalf of the phone bidder. No additional bids will be executed, unless the phone bidder has provided a maximum "disaster" bid.

For bidders who are bidding for the first time at Bremo Auctions: Please provide credit card information below, or by calling Bremo Auctions with the information at (434) 293-1267. Upon receipt of credit card information, Bremo Auctions is authorized to charge your account \$1 for verification purposes. This will be voided. If successful in bidding, the buyer retains the right to make payment for any purchases by check or wire transfer, but must confirm arrangements to do so with Bremo Auctions within five business days following the sale. If other arrangements have not been confirmed within the time limits set forth, the buyer authorizes Bremo Auctions to charge the credit card on file.
